## In the National Parks

The Covington Community Foundation presents:

# Family Night

Join Dr. Drizzle in showing you how **STEAM** are like pieces of a puzzle, and when we put them together, they unlock the secrets of nature's most jaw-dropping places - our very own National Parks! From the bubbling geysers of Yellowstone to the vast expanse of the Grand Canyon, Dr. Drizzle will take you on a deep dive into different national parks to uncover the awesome STEAM stuff hiding in plain sight.

Imagine designing a super cool gadget that saves water, just like the clever adaptations of plants in the Joshua Tree National Park. Or crafting a mini wind turbine that dances to the rhythm of the wind, mimicking the breezy beauty of the Great Sand Dunes National Park. Watch Dr. Drizzle explain how you can be an engineer extraordinaire at this family friendly STEAM night. You'll use your imagination and engineering skills to solve a puzzle inspired by a national park.

**October 11, 2023**  
**Beef House Banquet Hall**

**Adults: \$5.00    Children: Free**

**Soup-Sandwich-Drink included**

**Doors Open at 4:30    Entertainment begins at 5:15**

**Seating is limited, so all tickets must be purchased in advance.**

**Children must have a "Free" ticket.**

**For tickets contact: Covington Community Foundation**

**Phone: 793-0702    Email: [ccf@wicf-inc.org](mailto:ccf@wicf-inc.org)**
